

## Christmas Quiz XV

All answers are the names of individuals. Unless the round or question indicates otherwise, the answer is the surname – the only exception would be if the person is typically known only by a single name, in which case that name is used. ‘Full name’ typically means first and last name only, not middle names. All clues are based purely on the name itself and any connection to the actual person, their deeds or character is entirely coincidental.

Answers will be available from Epiphany from [www.edrith.co.uk](http://www.edrith.co.uk) with honour and glory to the highest scoring individual/team. Email me with answers by 11:59pm GMT on 5<sup>th</sup> January for a chance at victory or the honour roll.
